

Associate Veterinarian

The Bridge Clinic – Bensalem & Philadelphia, PA
Mission-Driven. Clinically Fulfilling. Community-Focused.

About The Bridge Clinic

The Bridge Clinic is a full-service, nonprofit veterinary clinic with locations in Bensalem and Philadelphia, PA. Our mission is simple yet critical: **to provide accessible, high-quality veterinary care and keep pets with the families who love them.** As a trusted partner in our region, we serve a broad client base including underserved pet owners, rescue organizations, and our own feline shelter, Rescue Purrfect.

We are not a traditional practice, we are a purpose-built alternative to the corporate model, delivering real impact through compassionate, comprehensive medicine.

Locations:

Bensalem: 1 Declaration Drive, Unit D, Bensalem, PA 19020

Philadelphia: 2275 Bridge Street, Building 209, Philadelphia, PA 19137

Why Work With Us

- **Four-day workweek** with no nights or weekends
- **Competitive salary:** \$110,000–\$150,000 based on experience
- Eligible for **Public Service Loan Forgiveness (PSLF)**
- Continuing education allowance and growth opportunities
- Clinical autonomy and a supportive leadership team
- A mission-driven culture grounded in equity, empathy, and integrity

Position Summary

We are seeking an experienced, mission-aligned **Associate Veterinarian** to join our growing medical team. The ideal candidate will be passionate about community veterinary medicine, highly adaptable in a dynamic nonprofit environment, and committed to both clinical excellence and client education.

This role offers a balance of primary care, soft-tissue surgery, dentistry, and collaboration with shelter medicine through our affiliated rescue. It's an opportunity to practice medicine without production targets, upsell pressure, or rigid protocols.

Key Responsibilities

- Perform wellness exams, sick appointments, and diagnostics with an emphasis on education and transparency
- Conduct routine soft-tissue surgeries and dental procedures; support weekly HGHVSN protocols
- Collaborate closely with medical support staff to ensure a consistent, compassionate experience for clients and patients
- Maintain accurate medical records, prescriptions, and documentation in compliance with industry standards and regulations
- Contribute to the overall development of clinic protocols, team culture, and mission-aligned decision-making
- Engage with rescue, shelter, and community partners to support animal welfare beyond the exam room

Qualifications

- Doctor of Veterinary Medicine (DVM or VMD)
- Active Pennsylvania veterinary license in good standing (or ability to obtain)
- DEA license (or eligibility)
- Strong interpersonal and communication skills; a team-first mindset
- Ability to work independently and collaboratively in a fast-paced clinical setting

- Experience in shelter medicine or high-volume spay/neuter is a plus, but not required
- New graduates are encouraged to apply; mentorship is available

How to Apply
